PART-B UHN RESPONSE TO PROPONENT CLARIFICATIONS

1. (425) Supplementary Conditions: GC 6.1 – Owner’s Right to Make Changes, clause 6.1.4.5 states that Overhead percentage includes all site and head office staff along with bonding and insurance costs. For smaller changes the schedule might not be impacted, but larger changes (>\$75k) can impact the Project Schedule and will require additional site staff commitments. Bonding and insurances are direct costs. These costs increase with the size (amount and schedule impact) of the change order (\$0-\$25k, \$25k-\$75k, >\$75k) and the current overhead and markup rates listed in 6.1.4.4 decrease progressively. This will result in project costs that would be in excess of the markup rates with the potential for the Contractor to incur a loss on the changes. We request that site staff for larger change orders be excluded from the definition of Overheads. Additionally, bonding and insurances be excluded from overheads for all change orders.

Response: No changes / revision will be accepted to UHN supplementary conditions.
