

System	Birchmount	General	Centenary	Comments	Contact Information
<b>Nurse Call</b>	Rauland Responder 4. Locating is a server on site.	Rauland Responder 3 / 4 and some 5. Instaplay - Recorded, not centralized through locating.	Rauland Responder 3 / 4 / 5 / Mircomm and Chubb.	Contact Aatel prior to beginning work to verify space in head end equipment. Not integrated to central locating. Prior to each project need to confirm existing in the area and if there is room in the BRC to accommodate any new units. Contact Aatel prior to performing any work related to nurse call. Contact Facilities if any vintage nurse call is encountered (Mircomm/Chubb). Future plan to integrate all 3 sites.	Paulette Francella, 905-523-5451 x 2382, paulettef@aatel.com / Facilities & Plant Operations
