#### **I. QUESTIONS & ANSWERS**

**Q1:** Does work occupying the playground area need to be after hours?

**A1:** The centre will arrange for access during the day. The building is adjacent to two (2) fenced playgrounds; the preschool playground on the north side of the site and the toddler playground on the west side of the site. The contractor can have access to one (1) playground at a time, so that at least one (1) playground is available for use by the children. Note that the centre will be closed from July 27-Aug 3<sup>rd</sup>. Contractors will be provided access to the entire site during the closed period.

**Q2:** Is a sidewalk permit required for work on the south side of the building?

**A2:** Yes a Street Occupation Permit is required. The consultant (architect) has applied for this permit. A drawing will be issued by the consultant to describe the temporary protection scope of work along Norwood Terrace in a subsequent addendum.
